2. DOMAIN NAME REGISTRATION

- 2.1. Domain Names are registered through a Registrar.

- 2.2. The Registrar is obliged to obtain the consent of every Applicant to the current version of the Rules of Registration as a condition of the Domain Name registration. This consent is obtained only if the up-to-date version of the Rules of Registration was accepted by the Applicant, so that the consent of the Applicant to the contents of the Rules of Registration is apparent. The following is considered to be a valid consent:
 - 2.2.1. A Domain Name registration order has been placed,
 - 2.2.2. The price has been paid for the Domain Name registration or, if relevant, for any other service that the Registrar may connect with registering the Domain Name,
 - 2.2.3. The Holder has begun to use a Domain Name, or
 - 2.2.4. The Holder has effected any other act toward the Registrar or CZ.NIC, provided that such an act pertains to changing records on the given Domain Name that are kept in the Central Registry.
- 2.3. The individual giving consent to the current version of the Rules of Registration on behalf of the Applicant in connection with an application for Domain Name registration at the same time declares that he or she is authorized to act on the Applicant's behalf in this matter.
- 2.4. Registrars are obliged to make available and document at any time by request of CZ.NIC the consent of the Holder to the current version of the Rules of Registration on the date of registration, according to Paragraph 2.2. CZ.NIC is entitled to make available and document such information to the court of justice, arbitration court or other state authority for the purposes of legal, arbitration, administrative, criminal or any other proceedings.
- 2.5. CZ.NIC registers the Domain Names according to the order in which the individual registration requests submitted through the Registrars were delivered. CZ.NIC files the records of every received registration request.
- 2.6. The Domain Name is registered always for an entire year beginning with the Day of Registration of the Domain Name, up to a max. of 10 years.
- 2.7. Upon the registration of a Domain Name, the Domain Name is reserved for the Holder for the specified period of time.
- 2.8. CZ.NIC will register the Domain Name if
 - 2.8.1. the registration request does not contain any imperfections preventing it from further processing;
 - 2.8.2. the existing Domain Name has been assigned with an existing Contact in the role of the Holder;
 - 2.8.3. all required information has been properly filled in;
 - 2.8.4. the Applicant agreed with the current version of the Rules of Registration and Rules of Alternative Dispute Resolution;
 - 2.8.5. the requested Domain Name is not, at the time of processing of the request, registered by the Central Register;

3. DOMAIN NAME REGISTRATION RENEWAL

- 3.1. Domain Name registration may be renewed by means of the Appointed Registrar.
- 3.2. Domain Name registration may even repeatedly be renewed for whole multiples of a year, yet for no more than 10 years. CZ.NIC will renew a registration if
 - 3.2.1. CZ.NIC receives a request for registration renewal at the latest on the day on which the period for which the Domain Name was registered elapses (this is without prejudice to the possibility to renew a Domain Name registration during the protection period according to Article 6.2);
 - 3.2.2. the Holder agreed with the current version of the Rules of Registration on the date of the registration renewal, whereas the provisions in Articles 2.2, 2.3 and 2.4 are used similarly;
 - 3.2.3. applicable payments of appropriate prices are settled concurrently.

4. DOMAIN NAME DELEGATION

- 4.1. A registered Domain Name does not have to be Delegated. Nullification of the Domain Name Delegation does not affect the Domain Name registration.
- 4.2. CZ.NIC delegates a registered Domain Name, to which just one Nameserver Set is assigned.
- 4.3. CZ.NIC is entitled to conduct periodic technical inspections of name servers in the Nameserver Set and of DNS keys in the Key Set assigned to the Domain Name.
- 4.4. When a Domain Name registration is cancelled, the Domain Name delegation is terminated without further ado. When the assignment of a Nameserver Set to a Domain Name is cancelled, the Domain Name delegation is cancelled with further ado. Under the terms and conditions defined by these Rules of Registration, a Domain Name delegation may also be cancelled if a Nameserver Set is still assigned to it.

5. DOMAIN NAME TRANSFER

- 5.1. CZ.NIC will register a change of the Domain Name Holder (a Domain Name transfer) upon request submitted through the Appointed Registrar of the given Domain Name. - 5.2. The Registrar is obliged to acquire the consent of the future Holder to the current version of the Rules of Registration and the Rules of Alternative Dispute Resolution on the date of the transfer of the Domain Name, while the provisions in Articles 2.2, 2.3 and 2.4 are applied similarly.
- 5.3. No entitlement to a refund of the paid price or any part thereof arises for the Holder from its Domain Name transfer.
- 5.4. The transfer of the Domain Name does not affect the latter's Day of Expiration.

6. TERMINATION OF THE DOMAIN NAME REGISTRATION

- 6.1. CZ.NIC will cancel the registration of a Domain Name upon request submitted through the Appointed Registrar of the Domain Name. No entitlement to a refund of the paid price or any part thereof arises from cancelling the registration of a Domain Name.

 - 6.2.1. The Domain Name registration may be renewed in compliance with Article 3 hereof retroactively from the Day of Expiration.
 - 6.2.2. If the Domain Name is not renewed in the first 30 days of the protection period, CZ.NIC is entitled to terminate the Delegation of the Domain Name. In such a case, the Domain Name delegation cannot be renewed, not even by changing details in the assigned Nameserver Set or by assigning a different Nameserver Set to the Domain Name concerned.
 - 6.2.3. The registration of a Domain Name expires when the protection period has elapsed unless the Domain Name registration is renewed during the protection period.
- 6.3. If the agreement between an Appointed Registrar and CZ.NIC is terminated, based on which the Appointed Registrar enjoyed the Registrar status, the registrations of Domain Names registered through the Appointed Registrar will not be terminated. The Holder may designate another Appointed Registrar at any time afterwards.

7. REGISTRATION OF CONTACTS

- 7.1. A single Contact can be used for more than one Domain Name (Contact in the role of a Holder or an administrative Contact), Nameserver Set (a technical Contact) or a Key Set (a technical Contact).

8. CHANGES AND THEIR AUTHORIZATION

- 8.1. The wording of a Domain Name cannot be modified.

- 8.4. For a Contact that is a legal entity, apart from the person stated in the Contact record, acts may also be effected by a person or persons authorized to act on behalf of the legal entity. In such a case, an officially certified signature is required for the authentication. The officially certified signature shall also be accompanied by an original or certified copy of an excerpt from the Commercial Register (not older than 3 months) or an excerpt from an analogous registry. 11. PERSONAL DATA PROTECTION; CENTRAL REGISTER DATA

- 11.1. The Central Register is kept by the CZ.NIC association or an entity authorized by it. The CZ.NIC association is the administrator of personal data kept in the Central Register. The Registrar is a processor of such data.
- 11.2. A person submitting an application for the registration of a Domain Name, Holder or Contact, or an application for changing data pertaining to a Domain Name, Holder or Contact
 - 11.2.1. grants by lodging such an application his/her consent with processing his/her personal data specified in the application for the purpose of maintaining and administering the Central Register, as well as with making such data public through the mediation of the Internet within the framework of information services rendered by the CZ.NIC association.
 - 11.2.2. is liable for the correctness of all data specified in the registration application pertaining to persons mentioned in such an application, and declares that these are not cover names, that such a person has obtained consent from all persons whose personal data are to be recorded in the Central Register on the basis of the application, and undertakes to obtain such consent in the event of any changes of such persons or data pertaining to such persons.
 - 11.2.3. is obliged to report any changes of the data submitted to the CZ.NIC association through the mediation of the Registrar without any undue delay.
 - 11.2.4. is obliged to act in such way that in consequence of his/her doing no duplicate records of Contacts arise, and no identical Contacts differing only in the identifier are kept in the Central Register.
- 11.3. Appendix No. 1 states what pieces of information used in the Domain Name records, Contacts and Nameserver Sets are compulsory.
- 11.4. CZ.NIC is entitled to call on the Holder, or the person concerned, to provide any information essential for the identification of these persons, especially date of birth and identification numbers (IN), namely in the case that providing such information is necessary for unambiguous identification within the framework of a legal, arbitrary, administrative or criminal or any other proceedings in progress; CZ.NIC is entitled to provide such additionally acquired information for the purpose of such proceedings.
- 11.5. The Holder, whose domicile, residence or contact address is outside the European Union or the European Economic Area (EU/EEA), is obliged to provide CZ.NIC with its contact address within the EU/EEA upon a judicial request, or request by an executive authority, an arbitrator, or the arbitration court, or designate a representative with a mailing address within the EU/EEA at which the Holder may receive mail relating to Domain Names.
- 11.6. Appendix No. 1 states what pieces of information used in the Domain Name records, Contacts and Nameserver Sets can be marked as hidden. In the case that such a piece of information is marked as hidden, it means that it is not published through the public information services (WHOIS), but the right

¹ Request For Comments – it means denomination of a series of documents containing researches, measurements and observations as well as proposed and accepted standards for the TCP/IP protocol

of CZ.NIC to keep such information in the Central Register and to provide it for technical reasons necessary for running the Central Register to the Registers remains unaffected.

- 11.7. Upon a written request with official signature certification, CZ.NIC shall provide information about the address of the Holder of a specific Domain Name (item Addr), even if this data is marked as hidden. The request must state and document the purpose for which the applicant is requesting that the data be revealed and CZ.NIC is, at its discretion, entitled to refuse to provide the information if it comes to the conclusion that the purpose of the application is not consistent with good business practice or if the applicant, without any legitimate reason, has repeatedly asked for information about the address of different Holders of various Domain Names. CZ.NIC is entitled to charge for the application. The applicant is entitled to use the information solely for the purpose stated in the application.
- 11.8. CZ.NIC is entitled to provide information marked in the Central Register as hidden to the state administrative bodies and to the courts of justice including the arbitration court, in compliance with the law and within the framework of their official activity or within the framework of the arbitration. Therefore, it is possible to provide only information related to the specific Contacts or specific Domain Names. Under the same conditions, CZ.NIC is also entitled to provide information about historical data, if available.
- 11.9. Upon request of the current Domain name Holder, CZ.NIC will provide historical data from the Central Register which pertain to the Domain Name, i.e. data about the previous Domain name Holders since the date of the most recent Domain name registration for the maximum of last 5 years. For the purpose of this provision, the term "historical data" refers to such data about the previous Holders which cannot be designated as hidden as in Appendix No. 1; data about the current Holder are provided irrespective of whether they can be designated by Appendix No. 1 as hidden. Historical data for the period preceding the day 01.01.2010 are provided anonymously; this restriction does not apply to the current Domain Name Holder. Historical data can only be provided if available.
- 11.10. CZ.NIC is entitled, at its discretion, to optimise the information kept in the Central Register. For this purpose CZ.NIC is entitled to merge Contact records differing only by the identifier of the Contact. In the case that CZ.NIC performs such a merger, all links of the merged Contacts to the Domain Names, Namserver Sets, and Key Sets will be preserved so that these links are transferred onto the Contact with which the other Contacts were merged with. The affected persons will be notified by CZ.NIC of such a merger.

- 12.4. The cancellation of a Domain Name carried out by the CZ.NIC association pursuant to the Rules of Registration does not constitute any title to the return of any fulfilment accepted by the CZ.NIC

- 16.4. CZ.NIC will cancel the delegation and/or the registration of a Domain Name, transfer the Domain Name to a different person and suspend the option to transfer the Domain Name to another person if this is stipulated in an executable court order or administrative decision or award of an arbiter or arbitration court, even if CZ.NIC itself has not been a party to the proceeding, in which such a decision was made. The decision shall be presented to CZ.NIC in its original or officially certified copy with a clause attached that certifies its legal effect and enforceability (such a clause is not required in the case of injunctions). No act of CZ.NIC effected according to this article will give rise to an entitlement to a refund of any payments received by CZ.NIC from the Holder or any other person in connection with the Domain Name, to which such an act pertains.
- 16.5. The CZ.NIC Association shall suspend the possibility of transferring the Domain Name to another person and the possibility of cancelling the registration of the Domain Name (hereinafter collectively the "Blocking") at the request of the person who has initiated the proceedings against the Holder, demanding the transfer of the Domain Name.
 - 16.5.1. The same shall apply if the general court, arbitration court or arbitrator notifies CZ.NIC that the proceedings have been lawfully terminated or if the final termination of the proceedings is documented by the Holder.
 - 16.5.3. The Blocking shall be performed for 4 months, which period cannot be extended. Before the expiry of this period, the Blocking shall be cancelled if the proceedings have been lawfully terminated.  - 16.5.4. The Blocking of the same Domain Name can be performed no sooner than after the expiry of 12 months after the termination of the previous Blocking of the respective Domain Name.
